### Q & A with Head Coach Alan Drosky:

#### Who do you look to lead the Jackets this year?

"On the men's side our two top runners are Nazar Trilisky and David Herren. Trilisky was a force for us last fall and Herren has really blossomed since the end of cross country last year. We expect these two to lead us throughout the fall. Paul Specht started out great early in the season but struggled to make it through the entire fall. This year he has adjusted his summer training and should make an impact. There is a group of sophomores that had some valuable experience last year and made some improvements to contribute this year. That group includes Greg Johnson, James Taylor, Casey Grambling and Will Bonn. E.C. Gibbs will also be a key returnee."

"We are really excited about the women's team this year. Returning are juniors Elena Linn and Nisha Kurian, both have steadily improved. Behind them are a solid supporting group, led by Mary Chind, who has been a consistent performer and will take it to another level in her senior year. Jenny Sims is very talented and ran both third and fourth for us last year. Katina Zuganelis, a sophomore, gained valuable experience in her first collegiate cross country season a year ago. She is one year stronger and should make improvements. We also have a group of young ladies who have run well for us in the past, Maria Hampton, Kirby Cross and Emily Yandle. They are back healthy, fit and ready to go."

#### What are your team goals and what would you consider a successful season?

"We want our men to get better. I feel we are working well, making improvements and my expectations are to see those improvements in the meets that we are in and ultimately that will lift our confidence level. We want to get to the point where we can be in the top part of the conference; I am not sure if we can get there this year but we are moving in the right direction."

"Our women's team can compete with the best in our conference. Our conference has three very strong teams that are extremely good but after that there is a whole lot of middle teams that we can compete with."

#### Who are some of the freshmen and newcomers that you think will have an impact?

"I am pleasantly impressed with our new guys. Garad Soderman and Matt Hickey have done a great job preparing for the fall. They could help right now but they need to continue to learn what it takes to get through the entire fall."

"We have three outstanding freshmen on the women's side that have run well so far and we are very excited to see them progress throughout the season. The group includes Carola Conces, Lindsey Pickens and Kiersten Petersen."

# ALAN DROSKY

## Head Coach

Alan Drosky is entering his 16th year as the head coach of the men's and women's cross country teams at Georgia Tech.

In addition, he will be in his 12th year as the head coach of the Georgia Tech women's track and field team, which captured its first-ever Atlantic Coast Conference indoor title in 2002. He also oversees the distance runners for the Rambling Wreck's men's track team.

Drosky, 42, was inducted into the Georgia Tech Athletic Hall of Fame in 1996 after a distinguished career as a Yellow Jacket cross country and track and field standout from 1985-87.

Drosky, a two-time All-American and five-time All-ACC track performer, became an assistant coach at the Institute in December of 1990. He served as a graduate assistant in the Tech track and field program from 1987-89, earning a master's degree in management. He received a bachelor of science degree in industrial management in 1987.

During his cross country tenure, Drosky has coached three NCAA All-Americans and six NCAA qualifiers, which represented the first in each category for the Tech program. In addition, he has had 30 All-South Region selections and 10 All-ACC performers. In 1993, Ray Raparelli and Kevin Graham both qualified for the NCAA Cross Country Championships. A year later, Graham earned a return trip to the NCAAs and All-America honors. In 1995, Beth Mallory became the first Yellow Jacket woman to qualify for the NCAA Championships and she earned All-America honors that season. Mallory qualified again in 1996. Current assistant coach Becky Megesi became the second women's athlete to qualify for the NCAAs in 1998. In 2001, Renee Metivier earned All-America honors, finishing second at the NCAA Championships after winning the NCAA South Region title.

Drosky's teams have also had success, after recording the highest ACC and South Regional finishes in Institute history. In 1994, both the men and women's team finished third in the ACC meet. In 2001, both teams made their best showings at the regional level. The women brought home the program's first regional title, while the men placed fourth, just missing a trip to the NCAA Championships. The women's squad made their second consecutive trip to the national championship, placing 26th. The Jackets finished 31st in their first trip to the meet in 2000.

The women's squad made their second consecutive trip to the national championship, placing 26th. The Jackets finished 31st in their first trip to the meet in 2000.

In 2001, Drosky was named South Region Coach of the Year by the U.S. Track Coaches Association. He also earned ACC Coach of the Year honors for indoor track in 2002.

Drosky is recognized as one of the most outstanding distance performers in Tech history. He competed on the Yellow Jackets' cross country and track and field teams from 1985-87, serving as captain three times.

Drosky earned All-America honors twice at the NCAA Championships, finishing sixth in the indoor mile in 1986 and 12th in the outdoor 1500 meters in '87. He was also crowned 1987 Atlantic Coast Conference champion in the indoor mile.

A native of Riverdale, Ga., and a former Georgia state champion in the mile at Riverdale High School, Drosky is married to the former Kim Bohanon, who ran cross country at Georgia State. The couple has two daughters: Hayley, 14, and Hannah, 11.

# BECKY MEGESI

## Assistant Coach

One of the top middle distance runners in Tech history, Becky Megesi enters her sixth year as an assistant for the Jackets cross country and track teams. She primarily works with the

distance runners as well as the cross country teams for both men and women. Additionally, she handles many administrative functions as well as being in charge of recruiting the women's distance events.

As an athlete, Megesi garnered All-America honors in the 1500 meters, finishing eighth at the 1999 NCAA Outdoor Championships in Boise, Idaho. She again earned All-America honors in 2000, anchoring Tech's distance medley relay to a seventh-place finish at the NCAA Indoor Championships in Fayetteville, Ark. Megesi also qualified for the outdoor NCAA meets in 1999 and 2000 in the 800. In 1998, she became the third Tech individual qualifier for the NCAA Cross Country Championships in Lawrence, Kan. In 2000, Megesi was a qualifier for the U.S. Olympic Trials in the 800 meters.

Megesi won ACC Championships in the 1500 in 1998 and '99, earning All-ACC honors six times during her career. She currently holds school records in the outdoor 800 (2:04.63), the indoor DMR (11:21.48), and the outdoor 4x800m relay (8:56.94).

She earned a Bachelor of Science in Management in 2001.
