MEWBORN FIELD

Shirley Clements Mewborn Field is one of the premier softball facilities in the nation. The \$4.9 million on-campus home of the Yellow Jackets was officially dedicated on March 10, 2009. It is named after Shirley Clements Mewborn, one of the first two women to receive a degree from Georgia Tech.

In its first two years at Mewborn Field, Georgia Tech hosted an NCAA Regional and was featured on ESPN. In 2009, Mewborn Field and the Jackets played host to the Atlanta Super Regional against eventual national champion Washington, which was televised on ESPN and in 2010 the entire Atlanta Regional was broadcast in HD on ESPN and ESPN2.

Mewborn Field is a state-of-the-art facility nestled at the corner of Fowler and Eighth Streets on the Georgia Tech Campus. Some of the features include:

- Backstop netting that was extended in 2017 above the dugouts to increase fan safety.
- A capacity of 1,500, including nearly 600 chair backs. Whether it's in the main grandstand or in a standing room area, each spot at Mewborn Field gives you a feeling like you are on top of the action, as well as a spectacular view of the Atlanta skyline, especially at night.
- New backstop and outfield padding that was installed for the 2016 season.
- Press box with separate TV and radio broadcast booths.
- Raised grassy hills on each baseline giving fans a unique perspective.
- Bullpen for each team with ample space for two pitchers to warm-up.
- Indoor facility down the left field line with three batting cages. Retractable batting cage nets were added for the 2017 season. The surface is the same as the infield, allowing pitchers and infielders to work out during inclement weather.
- Completed in time for the 2011 season is the team building. Located just behind the indoor facility, this building features a locker room, coaches' locker room and offices, umpire room, meeting rooms, video room and a training room.
- For the 2018 season the Yellow Jackets played under a videoboard for the first time. The Daktronics display measures 22-by-16.5 feet.

HEAD COACH AILEEN MORALES

AILEEN MORALES

HEAD COACH

GEORGIA TECH, 2009
THIRD SEASON AT GEORGIA TECH
@COACH_A_MO

Aileen Morales, one of the most decorated student-athletes in Georgia Tech softball history and a former highly successful assistant coach at her alma mater, returned to The Flats as the program's sixth head coach on June 7, 2017.

In her first year at the helm of the Georgia Tech softball program, Morales led the Jackets to their first postseason appearance since 2014. Tech recorded five ACC series wins for the first time since 2011, finishing sixth in the ACC. With 28 wins on the season, Tech surpassed the 25-win mark for the first time since 2013 and finished above .500 for the first time since 2012.

Morales saw continued success in her second season, coaching the team to its first ACC tournament win since 2012 with a decisive 8-5 five-inning run-rule win over Virginia in the opening round. She brought Tech over the 30 win mark for the first time since 2012, finishing with a 31-27 record, including the program's 1,000th win.

In her nine seasons as a student-athlete (2005-08) and assistant coach (2009-13) at Georgia Tech, she helped lead the Yellow Jackets to four Atlantic Coast Conference regular-season championships (2005, 2009-11), four ACC Tournament titles (2005, 2009-10, 2012), eight NCAA regionals (2005-12) and an NCAA Super Regional (2009). The Jackets averaged 43 wins per season during her nine years with the program.

After leaving her alma mater following the 2013 campaign, she added four seasons as a successful head coach to her resume, first at Young Harris College in Young Harris, Ga. (2014-15) and most recently at Radford University in Radford, Va. (2016-17).

After inheriting a program that won just 12 games in 2015, Morales engineered the biggest turnaround in NCAA Division I softball when she led Radford to a 35-26 record in her first season at the helm in '16. The Highlanders also climbed 96 spots in the Ratings Percentage Index (RPI) in her first season at the school, advanced to the Big South Tournament semifinals with their first postseason wins in four years and boasted two all-conference honorees.

Prior to her two-year stint at Radford, Morales compiled 51 wins in two seasons at the helm at Young Harris.

Morales began her full-time coaching career as an assistant coach at Georgia Tech from 2010-13. During that four-year stint, she helped lead the Yellow Jackets to two ACC regular-season championships, two ACC Tournament titles and three NCAA regional appearances while coaching 19 all-conference selections, four ACC Players of the Year and three all-Americans.

She got her start in coaching as a student assistant coach for Tech in 2009, helping the Yellow Jackets to the most successful overall season in school history, a 46-15 campaign that included ACC regular-season and tournament championships and the program's lone NCAA Super Regional appearance.

Morales arrived at Georgia Tech in January 2005 after graduating a semester early from Hardaway H.S. in Columbus, Ga. Despite beginning her collegiate career during what was scheduled to be her final high-school season, she hit .296 with five doubles, a triple, two home runs, 32 RBI and an ACC-best 44 stolen bases in 49 attempts as a freshman, en route to being named ACC co-Freshman of the Year and earning second-team all-conference recognition.

She went on to be a three-time all-ACC honoree as a middle infielder, earning first-team accolades as a junior and senior in 2007 and '08, and was also a three-time all-region selection. She earned third-team all-America honors.

She remains Georgia Tech's all-time leader in games played (265), starts (265), at-bats (850) and stolen bases (154) and ranks among the program's top 10 in runs (second –

216), hits (third – 261), doubles (t-fifth – 43) and triples (t-fifth – 10). She also holds three of the top five single-season stolen base totals in school history, including a school-record 46 as a senior in 2008.

Over the course of Morales' four-year playing career, Georgia Tech won 185 games, claimed the 2005 ACC regular-season and tournament championships and advanced to the NCAA postseason four times.

Following the end of her collegiate playing career, she was selected by the Chicago Bandits in the second round of the 2008 National Pro Fastpitch Draft. She played two seasons with the Bandits and helped lead the squad to the NPF championship as a rookie in 2008.

She also boasts international experience as a player and coach with the Puerto Rican national team. She competed internationally for Puerto Rico from 2007-10 and served as an assistant coach for the 2012 squad that finished eighth at the International Softball Federation World Championship, PR's best finish in more than a decade.

INSTITUTE PRESIDENT AND FACULTY REPRESENTATIVE

DR. ANGEL CABRERA

INSTITUTE PRESIDENT

B.S./M.S., UNIVERSIDAD
POLITÉCNICA DE MADRID
M.S./PH.D., GEORGIA TECH

After serving for almost seven years as president of George Mason University (GMU) in Fairfax, Virginia, Dr. Ángel Cabrera was named June 13, 2019, by the University System of Georgia Board of Regents as Georgia Tech's 12th president. He succeeds Dr. G.P. "Bud" Peterson, who has served since April 1, 2009. Peterson will continue in his role as Georgia Tech's president until Cabrera arrives in September. When Peterson announced his pending retirement in January 2019, he shared his plans to continue his research and return to teaching at Georgia Tech.

Under President Peterson's leadership, Georgia Tech exceeded the \$1.5 billion goal for Campaign Georgia Tech by 20%, grew innovative collaborations and strategic partnerships, expanded the campus infrastructure, and elevated its national and global visibility. In the past decade, total research expenditures and other sponsored activities increased by 78% to \$908 million. Enrollment increased by 69%. The number of women in the first-year class increased from 32 to 40%. Georgia Tech's first-to-second-year retention is 97%, a historic high.

Cabrera is a Georgia Tech alumnus, the second in the Institute's 134-year history to serve as president. Peterson's predecessor, Dr. G. Wayne Clough (1994 – 2008), earned bachelor's and master's degrees in civil engineering from Georgia Tech.

Cabrera holds an M.S. and Ph.D. in cognitive psychology from Georgia Tech, which he attended as a Fulbright Scholar. He also holds a telecommunications engineering degree from Universidad Politécnica de Madrid (B.S. and M.S. in computer and electrical engineering). For the past decade, he has served as a member of the Georgia Tech Advisory Board, including a stint as its chair. Cabrera met his wife, Beth, while both were graduate students at Georgia Tech. Dr. Beth Fraser Cabrera was a management professor at Carlos III University in Madrid and Arizona State University, and currently delivers leadership development programs for business executives. Their son Alex, who recently received his undergraduate degree from the Institute, is continuing his studies this fall at Carnegie Mellon University. Daughter Emilia is a rising junior at Harvard University.

George Mason is the largest, fastest growing, and most diverse public university in Virginia. Listed among the top 300 research universities in the world by the Academic Ranking of World Universities, GMU reached the top tier among research universities in the Carnegie Classification and accounted for more than half of all public university enrollment growth in Virginia under Cabrera's leadership. In 2018, it was named by Forbes as one of America's best midsize employers.

Before becoming GMU's president, Cabrera served as dean of IE Business School in Madrid and president of Thunderbird School of Global Management (now part of Arizona State University). As a business educator, Cabrera played a key role in advancing professional ethics, internationalization, and corporate social responsibility. As a senior advisor to the United Nations Global Compact, in 2007 he was the lead author of the "Principles for Responsible Management Education," now adopted by more than 700 schools around the world.

Cabrera's research has been published in leading academic journals. He has been quoted by leading global media, including The Economist, BBC, CNN, CNBC, El País, Forbes, the International Herald Tribune, and The New York Times. His op-eds have been published by The Washington Post and the international press, and he has appeared on NPR programs and PBS NewsHour. He's been named a "Young Global Leader" by the World Economic Forum, a "Star of Europe" by Businessweek, "Henry Crown Fellow" by the Aspen Institute, and "Great Immigrant" by the Carnegie Corporation of New York. He has received honorary degrees from Miami Dade College and Universidad Politécnica de Madrid. He is the first native of Spain to serve as president of an American university.

CHARLES ISBELL

FACULTY ATHLETICS REPRESENTATIVE

GEORGIA TECH, 1990

Charles Isbell, senior associate dean and professor in the College of Computing, was named faculty athletics representative (FAR) to the Georgia Tech Athletic Association on June 6, 2017.

The FAR serves as the liaison between the Institute and the Athletic Association on issues regarding rules compliance, developments at the National Collegiate Athletic Association (NCAA), and activities related to Atlantic Coast Conference (ACC) membership.

"Charles is an engaged leader and innovator at Georgia Tech in numerous areas, and we are very fortunate that he has agreed to add the role as the Institute's new faculty athletics representative to his responsibilities," said Peterson. "On behalf of all of Georgia Tech, I would also like to thank Reggie DesRoches for serving us so well as our FAR for the past three years."

Isbell has been a faculty member at Georgia Tech since 2002, but first came to Tech as a student to earn his bachelor's degree in computer science. He also holds a Ph.D. in computer science from the Massachusetts Institute of Technology.

His first institutional service role at Tech was with the Institute Undergraduate Curriculum Committee, where he worked with student-athletes returning to finish their degrees.

"Since the very beginning of being here as a faculty member, I've been interested in the way student-athletes interact with the rest of the institution," he said. Isbell hopes to continue events that DesRoches organized to facilitate faculty and student-athlete interaction. He also hopes to serve as a bridge for faculty members to pursue more research endeavors with the Athletic Association.

"I can't tell you the number of conversations I've had with faculty members who have been interested in working with athletics, but weren't sure how to go about doing it," he said. "I'm going to put energy into making those connections."

For Isbell, understanding the experience of student-athletes is paramount to success in higher education. Athletic achievements can elevate a university's profile to prospective students, and student-athletes' relationship to the university is one that can be used as a model for the broader campus community.

"Anyone interested in higher education and how it has to grow and change has to understand how Division I athletics works at a university," he said. "As higher education changes, we have to think of ourselves more as a community and consider what lets people build connections and keep coming back. It's going to have to happen with all students, faculty, and staff, and athletics can be an example of how to do that well."

While Isbell is a fan and frequent attendee of Georgia Tech athletic events, his support for student-athletes extends beyond the stands.

"I want the student-athletes to know I am here for them, and I intend to talk with them and be a resource for them," he said. "I want them to know that and believe it, and know that I take it very seriously."

Isbell's research focuses on statistical machine learning and interactive artificial intelligence. He teaches several courses both to on-campus students and to students around the world in Tech's Online Master of Science in Computer Science program.

His three-year term as FAR began on July 1, 2017.

DIRECTOR OF ATHLETICS AND SPORT ADMINISTRATOR

TODD STANSBURY

DIRECTOR OF ATHLETICS
GEORGIA TECH, 1984

Georgia Institute of Technology introduced former Tech football player Todd Stansbury as the Institute's ninth director of athletics on Sept. 22, 2016.

Stansbury has served as Oregon State's athletic director since June 2015 following a nine-year stint as the university's executive associate athletic director from 2003-2012. During his time at Oregon State, Stansbury was part of a senior management team that raised \$150 million for a football stadium expansion, in addition to fundraising for the construction of a sports performing center. He also was part of a team that established several career development initiatives for student-athletes.

Stansbury's resume also includes roles as athletic director at the University of Central Florida (2012-2015) and East Tennessee State University (2000-2003). He was Georgia Tech's assistant athletic director for academics from 1988-1995 under Homer Rice. Now he returns to campus to guide a department that features 15 teams in 17 NCAA Division I varsity sports.

Stansbury grew up in Canada. When he was 10 years old and on vacation with his family in Florida, he befriended several Georgia Tech football players staying at the same hotel. During the drive back home to Ontario, his family stopped on campus to see a practice. That's when Stansbury knew he wanted to play football on The Flats. He earned varsity letters while at Georgia Tech from 1980-1984 as a middle linebacker and on special teams for head coach Bill Curry. He was a third-round draft pick of the Canadian Football League's Saskatchewan Roughriders in 1984.

As the ninth director of athletics in Georgia Tech history, he follows in the footsteps of storied names such as Rice, John Heisman and Bobby Dodd. He was hired following a national search that began in August 2016 when Mike Bobinski accepted the athletics director position at Purdue University. A nine-member search committee led by Georgia Tech Foundation President Al Trujillo identified candidates. The search process was assisted by Turnkey Search.

Georgia Tech has achieved a school-record Graduation Success Rate (84 percent according to the most recent NCAA figures from November 2015) in each of the past three years. The Institute also recorded outstanding scores in the Academic Progress Rate (APR), which provides a real-time NCAA metric to measure the success of institutions in moving student-athletes toward graduation. The latest APR statistics, released in April, reported that 13 of Georgia Tech's 15 teams scored 980 or better out of a possible 1,000 points.

JOELEEN AKIN

SPORT ADMINISTRATOR
KANSAS STATE, 1991

Joeleen Akin, a former Georgia Tech athletics staff member with more than 20 years of experience in college athletics, returned to Georgia Tech as associate athletics director for student-athlete development and senior woman administrator in July 2016.

Akin rejoins the Georgia Tech athletics administration after 13 years at nearby Agnes Scott College. She served as Agnes Scott's athletics director and physical education chair for 12 years (2003-15) before being promoted to associate dean for athletics and student activities in February 2015.

Prior to her 13-year tenure at Agnes Scott, she spent seven years at Georgia Tech as director of women's basketball operations (1996-98), marketing/operations manager (1998-99) and director of marketing (1999-2003).

During her 12 years as athletics director at Agnes Scott, an NCAA Division III institution in Decatur, Ga., Akin oversaw a program that produced eight NCAA Tournament teams and a coaching staff that earned 12 different coach-of-the-year recognitions. Under her direction, Agnes Scott student-athletes maintained a 3.0 cumulative grade point average and participated extensively in on- and off-campus service projects.

Akin's tenure at Agnes Scott was marked by innovation and vision. She created and implemented numerous student-athlete development and engagement initiatives at ASC, including a new student-athlete orientation program, Safe Zone training for student-athletes, coaches and staff and coordination of campus-wide academic resources for student-athletes.

Administratively, she developed a unique revenue-generation model that resulted in a 200-percent increase in the school's athletics budget and partnered with a national franchise Snap Fitness to bring a state-of-the-art fitness facility to campus at no cost to the college. She also coordinated with the school's communications department to create the now-trademarked tagline "Smart Women Sweat" to promote the Scotties' athletics programs.

In addition to her duties as athletics director and physical education chair, Akin was Agnes Scott's women's basketball coach from 2003-07 and was named the Great South Athletic Conference Coach of the Year in 2006. She also served as commissioner of the Great South Athletic Conference from 2011-16 and was a member of the NCAA Division III women's basketball committee and NCAA volleyball regional advisory committee from 2014-16.

"I am thrilled to return to Georgia Tech," Akin said. "I want to thank Mike Bobinski and the coaches and staff members that were part of the search process. I am excited about working closely with the student-athletes and coaches. While opportunities and life changes took me elsewhere 13 years ago, my passion for Georgia Tech never wavered. It feels good to be home."

Prior to her arrival at Georgia Tech in 1996, Akin also served as a sports marketing assistant at Auburn and NC State and as a member of the women's basketball staffs at UNC Wilmington and Kansas State.

A Kansas native, Akin earned bachelor's (1991) and master's (1993) degrees from Kansas State.

She and her husband, Charles, have two children: Bobbie and Ryan.
