

Season Parking Information

Season parking passes are available for [renewal](#) online or by calling 888.TECH.TIX or 404.894.5447.

During the offseason, we reviewed several components of our parking structure. Please read further for more details.

Important Dates to Remember

The parking renewal deadline is **March 31st**. If you purchased a season parking pass in 2022, your tier location is listed on your renewal form and is only guaranteed as long as the minimum A-T Priority Point requirement (A-T Points as of April 30th) is met for desired parking location and is paid in full for in its entirety or set up on a payment plan by the **March 31st** deadline. If payment is taken after the **March 31st** deadline your parking location from the previous season is no longer guaranteed. After **March 31st**, **ALL** unpaid parking orders will be removed from our system to prepare for relocation and new order requests.

Processing of relocation requests and new parking orders will begin May 26th based on the minimum A-T Priority Point requirement for each lot and the subsequent A-T Priority Point order. Any requests received after this date will also be processed in A-T Priority Point order, subject to remaining availability in lots. Please note that several lots fill quickly during this time.

Minimum A-T Priority Point Requirements

All parking assignments will be completed according to A-T Priority Points. Please use the chart on the next page to make requests based on A-T Priority Point total. **Please note that meeting the minimum A-T Priority Points requirement does not guarantee parking in these areas, only that you qualify to park there.**

Limit of Parking Pass Quantity: Gold & White Parking

Due to the high demand and limited inventory of season parking in the Gold & White lots the number of passes per account is based on the quantity of season ticket purchased.

A-T Giving Societies (Former Life Members) of the AlexanderTharpe Fund

Season Ticket Holders who are a part of the A-T Giving Societies will receive one complimentary parking pass for the season when they renew their season tickets **AND** parking for the 2023 season. The parking pass will show up on the renewal form as a complimentary pass. Please indicate on the form if you want to renew this parking pass or if you wish to inquire about relocation.

DATES OF IMPORTANCE

		Notes:
March 31	Renewal deadline	All renewal requests must be submitted or postmarked by this date.
May 26	Relocation/Lot fill begins	All requests received prior to this date processed in A-T priority point order.
Mid-August	Passes sent to customer	Parking passes are emailed to the address on file with the Georgia Tech Ticket Office as of July 1.

RV Parking	\$660	W21RV - W21 RV Parking W21RV2-W21 RV2 Parking W04 - W04 RV Parking

Relocation Requests

Requesting a new parking pass or change in parking location:

To request a new parking pass or to relocate your parking location, you may list your top three preferences in order on your renewal application form prior to the **March 31st** deadline. Please note the minimum A-T Priority Point requirements when you list your preferences to assist us as we work through the requests. If your first preference is available, we will place you in that location for 2023.

Season parking is allocated to any patron who renews or enrolls in the payment plan by the March 31st deadline and meets the minimum renewal point for that lot. The patrons with the highest number of A-T Priority points will have the best parking available on gameday. To accomplish this, point limits have been set within each lot so that we can guarantee parking for those returning patrons. You will still need to renew by the **March 31st** deadline in order to obtain your parking spot.

For those patrons who wish to relocate their season parking lot and/or change the total quantity of passes, the following procedures are followed:

- (a) If the parking pass is paid for by the **March 31st** deadline and you do
- (b) not indicate a wish to change parking locations, we will automatically return you to your 2022 parking location if there is space remaining in this lot when we reach you're A-T Priority Point level as we work down the renewal list.
- (c) If the parking pass is paid for by the **March 31st** deadline and you wish to change your parking location, we will automatically assign you to your first indicated choice if there is space remaining in this lot when we reach you're A-T Priority point level as we work down the renewal list. If your first choice is not available, we will relocate your parking into your second choice if designated.

Removing a Parking Pass

To remove a parking pass from your account, contact the Georgia Tech Ticket Office. **Please note that we will remove any parking passes that are not renewed and paid for by the March 31st deadline to make room for those patrons requesting new and/or additional parking passes.** If you have multiple parking passes and wish to remove only one or a portion of your order, please contact the Georgia Tech Ticket Office.

ADA PARKING

Everyone who parked in ADA parking areas in 2022 is guaranteed parking in the same area for 2023 if they renew by the **March 31st** deadline. We will not remove your parking unless you neglect to submit both of these items by the **March 31st** deadline. Once this date has passed, we will begin filling the remaining spaces in these areas with other ADA patrons that have requested to park in these locations. Please note that ADA placard and/or ADA parking permit must be displayed on game day.

Lot	2023 Minimum A-T Point Level Requirement
A1 - Area 1	400
A2 - Area 2	225
A9 - Area 9	1000
BD - Burge Deck	450

W04 - West Campus	20
W01 - W01 Reserved ADA	0***
W21 - Central Campus	30

* Indicates only if purchased through GTAA. All passes distributed and paid for by GT Development, Alumni, etc. are already subject to change year-to-year.

RV PARKING

For 2023, our plans are to maintain the currently utilized RV parking locations of the W04 RV and W21 RV areas, and these lots are only available for returning RV customers who parked in these areas in 2022. **The RV patrons who parked in these locations in 2022 with a valid RV parking pass are welcome to return to the same location for 2023 provided the renewal information is received by the March 31st deadline.** The spaces in these areas that are not renewed by the deadline will instead be used for general car parking as we move forward.

RV FEE STRUCTURE	
Cost	Lots
\$660	W04 – RV Parking W21RV - W21 RV Parking W21RV2-W21 RV2 Parking

W21 RV2 is accepting new RV customers on a waitlist. These customers will receive:

- Guaranteed access to the lot Friday afternoons. This lot will continue to be posted each Friday for parking in the afternoon. The other RV locations will not be available until after 6 p.m. each Friday evening.
- Overnight lot security both Friday and Saturday evenings.

Once the renewal deadline has passed, we will begin the process of filling empty spaces within the W21 RV2 lot with any new patrons that have requested RV parking. All potentially new RV customers may request RV parking on the application/renewal form or online, and all of these requests will be processed based on AT Priority Point order after **March 31st**.

One final note regarding RV parking: All RVs must be removed from lots by 7:30 a.m. Monday.
